

CU Denver International Student Health Insurance Plan

Need healthcare treatment?

Students covered under this plan are required to visit the [Health Center at Auraria](#) **first** before going anywhere else for treatment. Exceptions listed in next column. HCA can assist you with finding care and resources if any of the exceptions apply to you.

If you need to go elsewhere for healthcare, you must first obtain a referral from Health Center at Auraria.

Dependents are not eligible to receive services at the Health Center at Auraria and are therefore not subject to this new process.

Exceptions: You do NOT need to go to HCA first if...

- Student's condition is a medical emergency. Student must go to HCA for follow-up care.
- **If the Health Center at Auraria is closed**
- If service or treatment is provided at another facility during school break or vacation period
- **If service or treatment is needed when student is more than 10 miles from campus**
- If service or treatment is needed when the student is no longer able to use the Health Center at Auraria due to change in student status
- **If service or treatment needed is maternity or obstetrical care**
- If service or treatment needed is for mental health or substance use disorder treatment

If you receive services without going to the Health Center at Auraria first (or first receiving a referral from them) your insurance will NOT cover the costs of the services you received.
