Overview

Human Resources Overview

Welcome to the IPEDS Human Resources (HR) survey component. The HR component collects important information about your institution's staff.

Data Reporting Reminders

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Report each employee only once. If an employee could be coded in more than one occupation, code the employee in the occupation that requires the highest level of skill OR if there is no measurable difference in skill requirements, code the employee in the occupation in which they spend the most time.
- Report staff members difficult to categorize in the "Human Resources Survey Evaluation" box at the end of the survey.
- Enter data on each displayed screen. If a screen is not applicable, enter at least one zero in a field on the screen and save before continuing.
- When reporting salary data (applicable to degree-granting institutions only) include all full-time, non-medical school, instructional staff - both with and without faculty status.

See the instructions for the **Key Reporting Concepts** section – which will have basic reporting concepts that will assist you in completing the Human Resources survey component.

Changes in reporting

The following changes were implemented for the 2023-24 data collection period:

- Rephrased "remedial education" terminology in survey materials to "developmental education," including Glossary terms
- Added FAQ regarding staff who provide instruction or services to incarcerated students.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- All staff must now be reported using the new IPEDS occupational categories, which align with the 2018 Standard Occupational Classification (SOC) codes. Additional information and resources can be found in the [IPEDS HR/SOC Information Center](#), including general information about the SOC, the IPEDS/SOC crosswalk, a SOC Browse Tool, Frequently Asked Questions, and Web Tutorials.
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the **IPEDS Help Desk at 1-877-225-2568**.

Human Resources Survey Evaluation

Were any staff members difficult to categorize? If so, please explain in the box below.

We have "working retiree" titles for faculty and staff that may be used for employees with a wide variety of duties. We've made our best guess/good faith effort to categorize them according to IPEDS definitions.

Human Resources Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Reason	We have an increasing number of "working retirees-faculty." These are generic job codes, with no real way to tell what a given employee is doing in a centralized, electronic and reportable format. We had been reporting them under business and finance because there were very few off them and they seemed to fit that category. However, with increasing numbers and after further investigation that shows several of these employees used to be lecturers, researchers, etc, we've moved them into the student and academic affairs category because its description includes both "Other Teachers and Instructors" and "Other Education, Training, and Library Occupations," which should be accurate for most of these employees.

Reason	We're seeing an increasing number of retired employees coming back as "working retirees - staff." This is a generic job code and we don't really have a way to track the specific job duties of these employees in a centralized, electronic and reportable way, but most of them seem to fit best into this category (business and finance).

Reason	We have an increasing number of "working retirees-faculty." These are generic job codes, with no real way to tell what a given employee is doing in a centralized, electronic and reportable format. We had been reporting them under business and finance because there were very few off them and they seemed to fit that category. However, with increasing numbers and after further investigation that shows several of these employees used to be lecturers, researchers, etc, we've moved them into the student and academic affairs category because its description includes both "Other Teachers and Instructors" and "Other Education, Training, and Library Occupations," which should be accurate for most of these employees.
