*Priority Review indicates the petitioner will be notified of a decision before the first day of the term. After this date, the decision may not be available until after Census Day when bills are due. Be sure to plan to pay non-resident tuition for the term in case your petition is not approved.

University email is our official means of communication.
The student will only be contacted through the ucdenver.edu email account.

Purpose of Petition. For current and former University of Colorado Denver students to apply for a change from out-of-state residency to in-state residency. Students new to the University of Colorado system should request in-state classification by completing the appropriate section of the application for admission and should complete this petition only if requested to do so.

Resident Classification: You must establish your intent to make Colorado your permanent home. If you are physically present in Colorado solely for educational purposes, you will not be eligible for resident classification. No person may establish domicile in Colorado solely for the purpose of obtaining in-state tuition benefits, and an individual who seeks to establish domicile while registered as a student is presumed to establish Colorado domicile solely for tuition purposes unless there is clear and convincing evidence to the contrary.

Petitioner Determination

Student completes petition if:

- Student is 23 years old on or before the first day of class, or married, or in Graduate level study or is financially and residentially emancipated.

Parent or Court-appointed Legal Guardian completes petition if:

- Student is not yet 23 years old, unmarried, in undergraduate level study and is not financially and residentially emancipated.

Legal Guardian. If the petitioner is your court-appointed legal guardian, enclose: (1) a copy of the court decree or letters of guardianship, as appropriate; (2) a statement from the court affirming that your parents, if living, do not provide substantial support to you as a minor child; and (3) a statement from the court certifying that the primary purpose of such appointment is not to qualify you as a Colorado resident for tuition purposes.

Tuition Classification Regulations. In-state status requires domicile, or legal residence, in Colorado for at least one year before the first day of class for the term for which you are petitioning. "Tuition Classification Regulations" are available on our website at www.ucdenver.edu/residency
